

Silent Blending

Premium Safety Standards

Superior Ease of Use

Reduced Cost of Ownership

Unique and truly driveless technology allows for uncountable **years of maintenance-free operation** eliminating down times and spare parts cost

Featuring a speed range up to 75,000 rpm the SilentCrusher S is by far the **fastest and most silent** homogenizer in the world

This high speed range **reduces process times** significantly

This unique magnetic drive technology allows for operation in a **reduced particle environment**

Operate your SilentCrusher without ear plugs and **without any risk to your health**

The drive unit is designed without any clutches and therefore the **level of noise is reduced to a minimum**

The average operational **lifespan of 10 years** is backed by a **3 year warranty** and makes your purchase a truly worthwhile investment.
